Praises Yank
As A Fighter

By HAL BOYLE
American First Army Headquarters, Nov. 16 (Delayed) (AP)—Harold Austin, correspondent of the Sydney, Australia, Morning News, has some interesting views on the American soldier.

Austin, known to his press colleagues as "The Kangaroo," hit the beaches with the first infantry division on D-Day and since has covered the advance of the American First Army through France, Belgium and into Germany.

He studied the performance of Yank troops through the eyes of a soldier as well as newspaperman, having served for four years in this war as an artilleryman with the Australian Imperial force in the Middle East and New Guinea.

I asked him what he thought of Americans in action. Here is his answer:

Changes Opinion
"I saw American soldiers walking in Piccadilly circus in London and thought: 'These men are not soldiers.' I didn't admire their appearance or their bearing.

"I landed in Normandy on D-Day with them and, within a matter of minutes, changed my opinion completely. Infantrymen advancing in the face of murderous enemy fire were doing all that could be asked.

"So great was the volume of fire that many men must have thought they were going to certain death—but they advanced and kept advancing. That, to my mind, is the essence of the American soldier. He gets the job done.

"Since D-Day, I have watched Americans fighting their way through France, Belgium and now Germany. I have not yet seen Americans fail to accomplish the task for which they were detailed.

"No more can be asked of any soldier. They have terrific pride in their country, absolute faith in their weapons and confidence in themselves. That confidence is a factor which has brought them through many tight places.

Has Great Courage
"You have asked my views on the American soldier, and I must say frankly that there are some features about him that I don't like. Firstly, his standard of discipline is not particularly high.

"I don't mean that he questions orders in the field. On the contrary, he obeys orders which require great courage. But I do say that he is an untidy soldier. Sometimes thoughtless in his behavior. And, because he is primarily a civilian in outlook, he has not allowed himself to observe fully what we call military courtesy.

"Some men seem to have an impression that a display of respect for an officer is an admission of intellectual or social inferiority.

"That attitude of mind does not exist in combat units, where there is particularly healthy relationship between officers and men, but it is noticeable in rear echelon troops. In short, the American is not a good parade ground soldier, and he has no apparent desire to be considered one. Rather he prefers to show his individuality to an extent which is not conducive to good discipline.

Better Than Germans
"As a fighting man the American soldier has a very fine record. I have watched famous battle-tried divisions and 'green' divisions in action against the Germans, and I have been most impressed with the courage, endurance, and tenacity which they have displayed.

"The American has shown that he is more than a match for the Germans. He likes to be told what the action is all about and likes to be made to feel that he is something far more important than a small cog in a very large machine. When those conditions have been satisfied, he attacks with a spirit which eliminates the possibility of defeat from his mind.

"I must reserve my judgment on the American in retreat. In this campaign he has suffered none of the major misfortunes of war, but I feel that if he can give it he can probably take it."

Tomorrow, an American correspondent looks at the American and British soldiers.

REINECKER BOY, SHOT IN HEAD SATURDAY, DIES

Clair Richard Reinecker, 13-year-old son of Mr. and Mrs. Norman Z. Reinecker, Aspers R. 1, died this morning at 11:35 o'clock in the Warner hospital where he had remained in an unconscious condition since Saturday afternoon when he was shot through the head by a .32 rifle.

The accident occurred about 3:30 o'clock near the boy's Tyrone township home while he and a brother, Lee, aged 14, were trying to shoot "an old lame dog" that had been running about the Reinecker property.

Private Robert E. Deitrich of the Gettysburg substation of the state police made the initial investigation of the shooting and reported that the rifle which inflicted the fatal wound was in the hands of Lee Reinecker. The boys were walking home when the gun went off. Lee told police he did not know Clair had placed a cartridge in the weapon.

Inquest Next Friday
The bullet penetrated the lad's forehead near the nose and emerged through the back of his head. The wounded boy dropped to the ground and his mother was summoned by Lee. Dr. P. J. McGlynn, Biglerville, was called and the boy was taken to the hospital by ambulance.

Doctors said today the wound had paralyzed the boy's right side and that if he miraculously had lived, he probably never would have been able to see or hear. He was given nourishment intravenously at the hospital.

Dr. C. G. Crist, county coroner, opened an investigation of the shooting today and announced he will hold an inquest next Friday afternoon at 3:30 o'clock at the court house.

Two Brothers In Service
Clair Reinecker was born at the Reinecker home in Tyrone township where the family has resided for the last 25 years. He passed his 13th birthday anniversary on November 21. He was a pupil of the seventh grade in the Biglerville schools.

Two of his older brothers are veterans of overseas service—Cpl. George Reinecker, Camp Hill, decorated veteran of service with the Marines who is now in a naval hospital in Philadelphia convalescing from wounds he received at Saipan. (Please Turn to Page 2)

The trucks were being driven east in convoy when Lentz, who was driving from Emmitsburg to Zora crashed into the sixth truck in the line. The collision carried Lentz's car into the seventh truck.

Nazis Blast 86 Bombers And Fighters From Skies

London, Dec. 1 (AP) — Great waves of RAF bombers raided Germany during the night, sustaining the record-breaking Allied November air offensive that yesterday cost the U. S. Air force its worst loss in heavy bombers since April—56 four-engined craft downed by ack-ack.

Thirty U. S. fighters also failed to return to their British bases after all-day pulverizing attacks by 3,000 planes on synthetic oil plants in the Leipzig area and rail yards in the Saarbrücken sector. The tactical air forces supporting ground troops lost three medium bombers and one fighter.

Last night more than 500 Hallifaxes and Lancasters dropped 3,000 tons of fire bombs and explosives on the Rhine-Ruhr city of Duisburg, and two-ton blockbusters on Hamburg. Four of the raiders were lost.

Not since 63 U. S. bombers went down to combined ack-ack fire and fighter opposition over Berlin in

Local Garden Grows Cotton

Cotton will grow in Adams county. Miss Betty Jane Deatrick of the Breidenbaugh apartments, has proved, but she isn't ready to guarantee it can be raised here on a big scale.

Last June she planted a few cottonseeds in her garden at the rear of the apartment house. Stalks grew to a height of about 18 inches and as heavy frosts arrived this fall one cotton ball opened to offer a handful of cotton fiber.

The southerner who gave her the cottonseeds assured her the Dixie crop couldn't be grown here.

COUNTY NEEDS \$693,072 FOR 6TH BOND QUOTA

Adams county is less than \$700,000 from reaching its \$2,290,000 goal in the Sixth War Bond drive, committee headquarters announced today, reporting sales on Thursday of \$153,273, following the record-smashing sales of almost a million dollars the day previous.

The grand total of sales at the close of business on Thursday was \$1,596,827.25. It was the second largest day's business since the start of the campaign November 20.

There are two out-of-county allocations made for local affiliates which are not included in today's report, although official announcement that they will be credited to this county's quota was made this morning.

Women Boost Total
The Pennsylvania Railroad allocated \$19,000 in bond sales to Adams county and Warner brothers Majestic theatre credited \$5,000 to this locality. These two allocations will not be included in the county's total sales until the official certification is received at committee headquarters.

Metropolitan Edison company allocated \$50,000 to Adams county which is included in the grand total of bond sales.

The Women's Division boosted their total sales by \$99,591.92 this morning bringing their grand total to date to \$214,170.47.

Indications point to a new record in bond sales by the volunteer women workers in the county.

Today's tabulation of sales included: Biglerville, \$81,225; Gettysburg, \$5,700; Bendersville, \$4,500; Delone Catholic high, \$4,075; New Oxford, \$3,481.25; Lincoln grade school, Gettysburg, \$1,950; Gettysburg high school, \$1,585.67; Littlestown, \$700; Littlestown high school, \$275; Littlestown grade schools, \$150.

NOVEMBER ENDS WITH COLD SNAP, SNOW FLURRIES

December arrived in Adams county on gales that carried flurries of snow and sent the mercury skidding to six degrees below freezing. This morning scattered flakes were flying in Gettysburg at intervals and at 10 o'clock the mercury remained a degree below the freezing mark.

In spite of the chilly close to the month of November, average temperatures for the month were well above normal as winter got off to a belated start in Gettysburg. The month's average temperature was 44.5 degrees, two and a half degrees above average November readings in Gettysburg.

The warmest day was November 8 when the mercury climbed to 70 degrees and the lowest was a reading of 22 degrees on last Sunday morning. Altogether there were seven days in November on which freezing temperatures were recorded.

One Thunderstorm

A thunderstorm occurred November 15 and there were 10 killing frosts during the month.

Measurable amounts of rain were recorded on four days with the heaviest rainfall for the 30-day period occurring on November 27 when more than an inch was measured. The month's total was 3.38 inches, close to the normal figure for November.

The records of Dr. Henry Stewart, official local observer, show that nine days last month were clear, 10 partly cloudy and 11 cloudy.

Although snow fell to a depth of two inches in some parts of Adams county last month, only traces of snow were recorded in Gettysburg.

General MacArthur's Headquarters, Philippines, Dec. 1

(AP)—Japan's disastrous attempts to replenish her Leyte garrisons have cost her 26,000 troops lost at sea in the destruction of seven convoys, the latest one on Thursday with 5,000 men and uncounted supplies aboard.

Gen. Douglas MacArthur announced today that low-flying American pilots sank a 9,000-ton transport and three small freighters headed toward the west coast port of Ormoc on Leyte. In addition, a 5,000-ton freighter and a destroyer were hit and left ablaze.

"The transports were heavily loaded with men," General MacArthur said in his communique, "and the enemy's loss of life is estimated at 5,000 men."

It was the second convoy destroyed in two days. On Wednesday, 13 ships were wiped out, two at the dock after unloading but the rest sank at sea with all hands aboard.

Sink Seven Convoys

MacArthur said 29 transports totaling 103,750 tons and 18 escort ships have been sunk in the seven convoys knocked out.

Fighters, hitting at masthead level, bagged the bulk of the carefully dispersed convoy off Masbate and Cebu but one small freighter, falling prey to a night patrol plane, was sunk as far west of Leyte as Mindoro island.

Another freighter was sunk off Borneo during continued widespread bomber raids on the central Philippines and islands to the south, and a bomber scored a hit on what was described only as a "large enemy vessel."

A submarine was sunk off western Leyte Monday by two destroyers of a force sent into those mined and dangerous waters to bombard Japanese installations.

Associated Press Correspondent Dean Schedler, aboard one destroyer, said the American ships made ready to take the survivors aboard but under the glare of searchlights "the Japanese could be seen holding objects that looked too much like grenades and guns for safety." The Japanese were left splashing in the sea.

Four American escort carriers were acknowledged by the Navy as damaged in the historic Philippines sea battle of Oct. 24. They were the Kalinin Bay, the Fanshaw Bay, the White Plains and the Kitkun Bay.

The Navy said 1,400 survivors of the St. Lo and Gambier Bay, escort carriers previously announced as lost, had been rescued. Their total complements were not disclosed.

Yanks cleaning up Peleliu in the Palau islands killed 1,300 Japanese and captured 142 between Oct. 20 and Nov. 26. Adm. Chester W. Nimitz announced at Pearl Harbor. American losses were 92 killed, 622 wounded and five missing.

Most of the bitterly resisting Japanese were found hidden in caves.

Paris, Dec. 1 (AP) — Two American armies hammered along a 20-mile front today at the approaches to three key cities on the Roer river—Linnich, Julich and Doren—after reaching that last water barrier before the Rhine.

Lt. Gen. William H. Simpson's Ninth Army troops have hurled the Nazis back across the Roer above and below Julich. They have driven through the charred villages of Lindern, Flossdorf and Roerdorf and now are besieging Linnich.

Fighters and fighterbombers in support of ground forces bombed and strafed five enemy strongpoints across the Roer river guarding the approaches to Munchen Gladbach and Dusseldorf. A Shaf communique said today.

(A front dispatch said the village of Welz, a mile and a half south of the German Roer river stronghold of Linnich, has been cleared of the enemy.

Close In on Duren

Hundreds of Ninth Army guns battered Welz yesterday. Farther south Ninth Army patrols have crossed the Inde river.)

In fighting described as every bit as relentless, grim and bloody as that in the Argonne forest in the last war, Lt. Gen. Courtney H. Hodges' First Army tightened its steel net around Duren, 20 miles southwest of Cologne.

The Germans facing the First Army blasted two bridges over the Inde river while their own troops still were fighting in the streets of Inden and Lamersdorf, thus cutting off their retreat.

Hodges' troops won Lamersdorf, six miles northwest of Duren. They captured Grosschau, five and a half miles southwest of Duren, and cut across the Kleinhau-Brandenberg highway to high ground within a mile and a half of the Roer river.

Take 6,000 Prisoners

The Americans fighting inside the village of Merode, three and a half miles directly west of Duren, lost ground to determined enemy counterattacks. In yesterday's fighting the First Army bagged more than 6,000 prisoners.

Farther south, Lt. Gen. George S. Patton's Third Army was meeting the same desperate German resistance, but registered gains up to two miles as it pressed into the enemy's industrial Saar basin.

The latest gains placed Patton's troops within three miles of Saarlautern, midway between Merzig and Saarbrücken. American armored units occupying high ground dominating Merzig were under artillery fire.

At the southern end of the western front American and French troops of the Sixth Army group advanced through the Vosges mountain passes and along the plains of Alsace.

Mattress Burns In Gilbert Apartment

A burning mattress was extinguished at the apartment of Mr. and Mrs. Warren D. Gilbert, above the Parkershome pastry shop, Baltimore street, by Gettysburg firemen who answered an alarm about 11 o'clock this morning.

The mattress was dragged down the stairs to Baltimore street, where it was drenched with water. The firemen also took a hose to the upstairs bedroom to extinguish smoldering bed clothes. Mrs. Gilbert said the fire started from a heated curling iron which had been placed on the bed. The alarm was turned in by passers-by who saw clouds of smoke pouring from the windows of the apartment.

Damage to the inner spring mattress was estimated at about \$30. There was no estimate given of smoke and water damage to the apartment.

STATE APPEALS DAMAGE ACTION

An appeal in the court of common pleas from the award made to Hobson D. and Pauline E. Crouse, Cumberland township, for damages caused to their land by the relocation and improvement of the Gettysburg-Littlestown highway was filed this morning by the Commonwealth.

Eugene V. Bulleit, Esq., attorney for the Commonwealth, filed the appeal in the office of Prothonotary Arthur H. Shields, from the \$3,500 award as confirmed absolute November 28 in the court of quarter sessions.

Members of the board of viewers which made the recommendation for the \$3,500 were John P. Butt, Esq., Leroy Winebrenner and A. C. Keeker. The findings of the board were that the state had appropriated 25,200 square feet of the Crouse land for use in the highway, and that the land thus taken was "adopted for use for business purposes."

The viewers report was filed and confirmed nisi by the court of quarter sessions October 28. There were no exceptions filed to the report during the one-month waiting period and the report was then confirmed absolute Tuesday.

With the appeal from the court of quarter sessions award the case now will come up for review and trial by jury in the court of common pleas. The Commonwealth stated in its appeal that it believes the damages awarded to the Crouses are "excessive."

workers will be discharged from the war plants.

"In some industries," he continued, "reconversion from the war product to the civilian goods will take some time, although in others it will not. But therein lies the problem."

"Many people are talking of the great backlog of savings in this country. Millions of people have billions of dollars in War Bonds. And they also want to buy millions of things such as refrigerators, cars, washing machines and similar items that they have been able to purchase."

Problem of Income
"But these people also will have a problem of income," the Department of Commerce representative stated. "People will not use their savings to buy these products if they have no jobs and no income, and the manufacturer will not make these products with no orders."

Cummings said he had been told there were an estimated 1,000 conscripts now working out of the county in addition to the more than 3,000 men and women in the armed forces. "Thus there will be more than 4,000 people coming back to this area," he stated, "and at an average wage of \$20 a week these 4,000 persons would make a difference of over \$4,000,000 per year in circulation in the county."

"It is up to a local organization to survey the field and determine the labor needs and opportunities in the community," he declared, "because we are firmly convinced that no state or federal body can lay down a set pattern for every community in the postwar period."

Query Service Men
In describing the work a similar committee had done in Lancaster, Cummings said it had mailed letters to all of the area's 9,000 men in the service, telling them what the committee was trying to do, asking them to make some observations about jobs. The survey brought in more than 6,000 replies and more than 30 per cent of the men wanted different work after the war. The four most popular jobs with the Lancaster men after the war would be (1) aviation mechanics, (2) pilot, (3) automotive mechanic and (4) radio technician, the answers showed.

Cummings recommended that the committee consider plans for vocational guidance to aid the large number of returning veterans who left high school and college to join the armed forces, and consequently never had a job.

In the recommended plan for the committee organization, Cummings said the usual set-up included the chairman, executive committee and a council consisting of a number of sub-committees.

Chairman Africa said he will announce his executive committee after the first of the year.

In the discussion which followed Cummings' talk, it was brought out that this new committee would not conflict with the work of the Veterans' Service committee which already has been organized in the county. The purpose of the Veterans' Service committee is to channel the veterans to the proper organizations for any of their needs, while the new organizations would see that it is available for them and that they get it.

SOVIETS SURGE NORTHWARD TO TAKE 50 TOWNS

By EDDIE GILMORE

Moscow, Dec. 1 (AP)—Enveloping 50 more communities in their new drive west of the Danube in southwestern Hungary, Russian troops today moved north to within 76 miles of outflanked Budapest and less than 100 miles of the Austrian border.

Moscow announced a nine mile advance north along the west bank of the great river yesterday. North-east of the besieged Hungarian capital other Red Army troops seized the Axis strongholds of Eger and Szikszó which guard invasion routes in central Slovakia.

Russian troops also cut the railway between Miskolc, Hungary's fifth city, and Kassa (Kosice), eastern Slovakian communication hub now threatened by Gen. Ivan Petrov's forces fanning out from captured Ungvar. The line was severed at Arnot, less than three miles northeast of Miskolc.

Take 30 Villages

Petrov's troops, attacking on a 20-mile front, captured 30 villages, including Domasa, 20 miles east of Presov; Moravany, 23 miles east of Kassa, and Zemplin, seven miles northeast of the big north Hungarian rail center of Satoraljaujhely.

In addition to capturing Eger and Szikszó, Marshal Rodion Y. Malinovsky's troops penetrated Kacs, 10 miles northeast of Eger, and 25 miles from the central Slovakian frontier.

Using captured Pecs, in southwestern Hungary, as a base, Russian and Yugoslav partisan forces were driving northward toward one of the main railways which the Germans use to supply their forces of occupation at Zagreb, in northern Yugoslavia.

The Red Army also swarmed southward from Pecs, swooping through villages which had been pocketed by the advance across the Danube. The triple Russian aim appeared an attempt to force a decision in Hungary at Budapest, invade Austria, and cut off the retreat of an estimated 100,000 German troops now in Yugoslavia.

107 GOP GET HOUSE SEATS; TWO IN DOUBT

Harrisburg, Dec. 1 (AP)—The House lineup for the 1945 session of the Pennsylvania legislature stood today at 107 Republicans and 99 Democrats—the closest political division on record—as the Westmoreland county soldier vote elected an additional representative for each party.

Two contests remain undecided, one each in Allegheny and Lancaster counties. Republicans held leads on the civilian vote in each contest.

The parties divided the two representatives in Westmoreland county's first district. Those elected were John R. Madden, Republican, and Rep. Roy C. Haberlen, Democrat, reelected.

With 105 votes necessary for a majority, the Republican position was bolstered by announcement that two of the three GOP legislators in the armed forces will be on hand when the General Assembly convenes on January 2.

Rep. Jack J. McDowell, of McKean county, who is a major in the Army Air Forces, said at Bradford he will be placed on the inactive list on Dec. 30 and will serve throughout the legislative session. He is home on leave after two years overseas duty.

At Somerset, friends of Rep. Fred P. Hare, a pharmacist's mate in the Navy, reported he will be honorably discharged December 12 because of a knee injury.

The other Republican representative in the armed forces is William R. McMillen, of Indiana county. A Democratic representative, Dr. George J. Sarraf, of Allegheny county, also is in uniform.

HALL DOESN'T KNOW HOW HE WAS INJURED

By FRANK FRAWLEY

Los Angeles, Dec. 1 (AP)—Somebody almost whacked off the end of Screen Actor Jon Hall's nose but the question still before the jury trying the Tommy Dorsey and Allen Smiley for felonious assault is one of those "whodunnit" mysteries.

Hall doesn't know. He doesn't know whether somebody at that now famous August 5 party in the bandleader's apartment used a knife, a beer bottle, or what.

But something happened to Jon's nose. It is encased in purple cellulose guarding the handiwork of a plastic surgeon who found it necessary to reshape the actor's proboscis.

Hall was a valuable witness but he was checked out on direct examination yesterday and confined to "yes" and "no" answers. On cross examination Smiley's lawyer, the veteran Jerry Giesler, would read a portion of Hall's grand jury testimony, point out portions which he said were in conflict with what the actor had told the trial jury, and ask which version was true.

Vague On Details "My testimony to the grand jury was true to the best of my knowledge and belief," the broad-shouldered and be-spectacled movie hero would answer.

"But you don't know who used a knife on you or whether a knife was used?" asked Giesler.

"No."

"You said you may have been cut with a bottle, but you don't recall seeing anyone with a knife or a bottle in his hand?"

"No."

Hall said he received a "heavy blow" between his eyes and as a result had difficulty seeing in the incidents. He didn't know whether that blow was sustained after Mrs. Dorsey summoned Tommy's next-door neighbor, Smiley, to help stop the fight he testified.

Used Headlock Hall did remember, and very clearly, that he had one of those

CANADA'S DRAFT CRISIS COOLING

Ottawa, Dec. 1 (AP)—Canada's conscription crisis cooled off today as discipline was declared restored among rebellious draftee troops on the west coast and an appeal for calm went out to the people of Quebec from one of their foremost anti-conscriptionist leaders.

In Quebec, however, it was announced last night that the provincial government had adopted an order-in-council asking the federal government "to respect and fulfill its solemn engagements and sacred pledges against conscription for overseas service."

The order, forwarded to Prime Minister W. L. Mackenzie King, declared the Quebec government action reflected "the opinion of the immense majority" of the province's population.

Here in Ottawa Parliament continued debate on King's motion for confidence on his new policy of partial conscription. It now appeared a vote would not be taken until early next week.

EXPANSION PROGRAM

Port Allegany, Pa., Dec. 1 (AP)—The Pittsburgh Corning corporation has launched an expansion program to double its manufacturing facilities here for production of foaming glass, an insulating material. The company estimated cost of the program, which will include plant additions, at \$750,000.

Stranger Lewis headlocks on Dorsey, that Mrs. Dorsey was pulling his (Hall's) hair, "and that she was screaming and everybody was yelling like they were hopped up."

Jon said the fight started suddenly and without warning. In substance, his story on that was: Dorsey saw him put his arm around Mrs. Dorsey as he begged her indulgence for coming back to look for the purse another guest, Jane Churchill, had forgotten. "What are you doing with my woman?" he quoted Dorsey. "Nothing," Hall said he replied.

Miss Churchill, who preceded Hall on the stand, testified it was a bloody affair, but she didn't know anything about knives or bottles. She couldn't remember who hit whom, either.

SMALL GAIN ON ITALIAN FRONT

Rome, Dec. 1 (AP)—Troops of a Fifth Army Indian division moved forward today along the Florence-Faenza road against only light resistance and reconnaissance reports indicated the enemy was withdrawing from the mountains in that area to the Po valley.

The German move apparently was to straighten out a bulge in his line between Bologna and Faenza.

On the Eighth Army front there was no change in positions. Allied troops still were engaged in heavy fighting around Alberto, northeast of Faenza.

Southwest of Faenza patrols found the Germans still dug in on high ground behind the Lamone river.

Northwest of Modigliana below Highway Nine the Monte Paganella and Tramonti areas were cleared of the enemy. Farther west Monte Del Tesoro, Monte Fortino and the Roncole area were occupied after several fierce encounters.

British troops of the Fifth Army found Fontanelice, 9½ miles below Imola on the Imola-Castel Del Rio highway, had been evacuated by the Germans.

A German counterattack east of Monte Belmonte near Highway 65 below Bologna was repulsed. The entire highway area was under heavy German artillery fire.

Plan Regular Raids On Tokyo

(By The Associated Press) The future possibility of round-the-clock air assaults on Tokyo was implied by pilots of Superfortresses who reported on their return to Saipan after the first experimental night raid that:

The big bombers ranged over Japan's sprawling metropolis for at least three hours.

Precision instruments enabled the raiders to hit war industries despite obscuring clouds.

Anti-aircraft fire was light.

The raid Thursday night (Tokyo time) was almost equal in success to either of the two previous daylight assaults although the raiding force was much smaller.

Tokyo's radio, which has blared heated threats at Yank pilots, meanwhile kept the subject of the raids uppermost in its broadcasts.

REALIST
A realist is one who knows
That banks will mortgages fore-close
And seek, before he eats his fill,
The water coming with the bill.
But, the shameful truth to state,
Remember things like that too late.

A realist is one who acts
According to established facts,
And knows precisely to the cent
For what his last week's wages went.
But, I'm not of the careful sort.
My funds are always running short.

A realist is one who knows
When home the smiling actor goes
And he's no more in public view,
He has his share of trouble, too.
But, I was born the foolish kind.
The scenes I never peep behind.

I often leap before I look.
I am the fish that takes the hook;
What prudence bids me save I spend,
And will, I fear, unto the end.
But, I've had fun he must have missed
Who boasts that he's a realist.

Today's Talk

THE AMAZING BOB DAVIS
I have just finished reading a most fascinating book entitled "The Amazing Bob Davis," written by his friend and traveling companion of a few weeks, Fred S. Mathias. It is one of the best written, and most interesting of all the travel books I have ever read. It is so humanly saturated with the personality of one of God's truly great men.

I had the honor of counting as my friend this same Bob Davis over a period of thirty years—and never was he ever dull, uninteresting, or uninspiring. Westbrook Pegler once paired him with Ernie Pyle and said that their kind ought to "be multiplied by many millions," commenting further that they both found "nothing but kindness in the hearts of men" wherever they went. "Maybe," said he, "the reason is that they find in the hearts of others only that which is in their own." This was written during the life of the beloved Bob Davis, now vanished in the flesh, but still living in the spirit.

Bob Davis was one of the world's greatest travelers, and everywhere that he went he left friends behind. I doubt that there was an important spot on earth, where human interests existed, that he did not visit, writing charmingly and brilliantly, the stories that his keen and active mind discovered and absorbed.

The book by Fred Mathias is subtitled "His Last Vagabond Journey," and describes the experiences of these two friends across most of the United States, and far into the beauties of Mexico. No one ever forgot Bob Davis. He wielded himself to people. I am proud of the fact that I justly praised him, in my most extravagant prose, while still he lived, for I loved and admired him as I have few in this world.

Bob Davis was the means of discovering and encouraging more writers, during his lifetime, than any other editor of his time. It thrilled him to do so, and his reward was the joy for having done it. The memory of his whimsical smile, and his scintillating wit, still abide in the memory of thousands. Fred Mathias has written a book that makes grand reading, and is, at the same time, a worthy tribute to a wonderful friend and a great human being.

Tomorrow Mr. Adams will talk on the subject: "Build Three More Nobles"

SOLONS BATTLE TO DETERMINE TREATY TERMS

By JAMES MARLOW

Washington, Dec. 1 (AP)—The fight on the Senate's exclusive treaty-settling power is under way.

Under the constitution only the Senate—which has 96 members—can approve treaties with foreign nations. The House of Representatives—with 435 members—can take no part in treaty-making.

But approval of a treaty needs a "yes" vote from two-thirds of the Senators present at voting time. Thus one-third of the Senators, plus one, could wreck a treaty.

The fight now is to change the constitution so that treaty-making could be done by House and Senate and with only a majority vote in both places needed.

So far the proposed amendment has been okayed by a House subcommittee. Now it is before the House Judiciary committee. Undoubtedly it will be approved here. From there it will be laid before the whole House.

Need Two-Thirds Vote
But—since this is a proposal to amend the constitution—two-thirds of the House members will have to approve. It seems pretty sure this will happen.

But then the proposal has to go to the Senate. And there—where a two-thirds vote is needed to approve a treaty—a two-thirds vote would be needed to approve the proposed amendment.

Senators are not anxious to let Representatives cut into their special piece of pie—their exclusive treaty powers.

If they block the move now, it may be years before any strong effort is made again to force a change.

But if Senate and House both approved, the proposal would have to go to the states for their okay before the constitution actually was amended.

Three-fourths of the state legislatures—or state constitutional conventions specially called for this measure—would have to approve.

Senator George (D-Ga.) has predicted that the Senate would stand firmly against sharing its treaty-making powers with the House.

SAILOR URGES BOND BUYING

An appeal for more bond buying and blood donations to help speed the end of the war is sounded in a letter received today by The Gettysburg Times from Earl W. Thomas, machinist mate third class, now on duty in the Pacific.

His letter follows:
"I would like to write you a brief letter to let you know my change in address. On November 1 I was promoted from F 1-c to MM 3-c (machinist mate)."

"Today being Thanksgiving Day is no different to us here at sea than any other day. We all have a big job out here to do and we want to finish it so that we may spend the future Thanksgiving Days with our loved ones and wives. The news is coming through sounding good but there is a lot more to do before the war is over."

The more bonds the people back home buy and the more blood donors there are, the sooner we boys will be home again. We service men not only fight this war, but buy bonds out of our pay every month. Approximately 90 per cent of our crew buy bonds every month. On December 7 we plan to double our purchases.

"I wish to thank you many times for sending me The Gettysburg Times. It is very interesting to read."

CIO TO PRESS FOR CHANGE IN STEEL FORMULA

Pittsburgh, Dec. 1 (AP) — The wage and policy committee of the United Steelworkers of America (CIO) has accepted the War Labor Board's directive granting wage increases of about five cents an hour but is pledged to continue its demands for a 17-cent hourly raise.

Representing nearly half a million steelworkers, 400 members of the committee voted unanimously late yesterday to accept the award. At the same time, the committee instructed the union's international officers to continue their efforts for a revision of the "Little Steel" formula.

The officers also were urged to confer with steel company executives in an attempt to have the WLB directive incorporated into a formal wage contract.

Both Philip Murray, president of the CIO and the steelworkers, and Lee Pressman, general counsel for the USWA, emphasized, however, that the 17-cent hourly increase issue is still "very much alive" but declared it "a matter for the President of the United States to resolve."

Vacation Plan

The WLB directive also provides an improved vacation plan, a fund to straighten out wage inequalities, provides for six holidays a year and dismissal pay. The wage increases were made retroactive to last December.

Steel producers contend that the wage raise must necessarily involve an increase in steel prices and the Office of Price Administration is studying this question.

In Cleveland yesterday, T. M. Girdler, chairman of the board of Republic Steel corporation, said William H. Davis spoke "without a real understanding of the facts" when the WLB chairman discussed the recent wage award.

BRITISH BALK U.S. AIR PLAN

Chicago, Dec. 1 (AP) — British opposition to an American plan for attaching five sky freedoms to a world air accord left the United States today with its proposal in a bundle quite separate from other achievements of the International Civil Aviation conference.

The result represented something of a victory for the United Kingdom, which would have preferred that the freedoms not be presented in any form, and to some degree a setback for the United States, which had hoped to give the ideals the prestige of attachment to the forthcoming convention.

The "five freedoms" cover the right to cross another nation's territory, to make non-commercial stops, to carry outbound home traffic anywhere, to pick up inbound home traffic anywhere, and to carry the traffic of other nations so long as those nations do not forbid it.

This convention will include an air navigation agreement, including technical standards and procedures; a set of rules for air transport operations, and an international organization to administer the convention.

DEATH CLAIMS ALBERT B. FALL

El Paso, Texas, Dec. 1 (AP)—Albert B. Fall, 83, Secretary of the Interior under the Harding administration, died here yesterday after a long illness.

He was one of the central figures in the Teapot Dome scandal in the 1920's.

Fall was born in Frankfort, Ky. He was prospector, ranch hand, school teacher and attorney at Las Cruces, N. M. He was appointed Secretary of the Interior by President Harding and executed leases to public oil lands which led to prison and loss of his wealth.

He granted a lease to Harry F. Sinclair on the oil reserve at Teapot Dome, Wyoming. Investigations fol-

lowed, the lease was invalidated, Fall was termed a "faithless public officer" by Justice Butler of the U. S. Supreme court, and he was convicted in 1929 of accepting a \$100,000 bribe for the lease of the Elk Hills, Calif., naval oil reserve to his one-time prospecting partner, Edward L. Doheny. His conviction came six years after he left the cabinet.

GI's Appeal For More Ammunition

OR City, Pa., Dec. 1 (AP)—The pleas of four young American soldiers, separated by just 10 days from fighting on the German front, lent incentive to workers producing 8-inch shells.

"We gotta shell these Krauts out of their holes now. They're dug in, and it's gonna take a lot more shells than we've got to do the job," Sgt. Richard O. Vanderbloemen of Depere, Wis., told the workers yesterday.

Vanderbloemen and three companions, sent by Gen. Eisenhower to tell home front workers of the need for shells, arrived here yesterday to the accompaniment of sirens and band music.

Mayor J. G. Payne presented them the keys to the city, and shrieking high school girls clamored for their autographs.

The town turned out to welcome them.

While Our Farm Boys Harvest Japs...

This is a BIG farm year—Now Buy BIGGER Bonds!

Here are 6 big reasons for buying the most you can—\$100, \$500, \$1000—in the big 6th War Loan. War Bonds give you:

- 1. The best and safest investment in the world.
- 2. At maturity, \$4.00 for every \$3.00 you loan.
- 3. The convenience of cash—plus increase in value!
- 4. Funds to replace and restore worn-out farm equipment, soil fertility, and buildings.
- 5. Funds for educating your children; a nest-egg for your own security, travel, retirement.
- 6. The increased purchasing power vitally needed to win the Peace.

THEY still die—will YOU buy?

OUR FARMS HARVESTED PEAK PROFITS IN '44 NOW YOU CAN AFFORD TO BUY BIGGER BONDS

THE hardest part of the whole war effort is still ahead. The *easiest* part is loaning money, but it is just as essential as fighting. Now, more than ever, your dollars are needed to speed Victory in what will probably be the costliest war in history: the conquest of Japan.

The picture above is rare. We don't take many Jap prisoners; they die first. Do you know *why* Japan fights on so fanatically, even though they know they can't win? Japan

thinks our home-front is too soft to "take it"—that we would rather quit than sacrifice our comfortable life. They are waiting for us to get tired, and give them an easy peace.

Let's give them the real answer, in the 6th War Loan, Now! Buy BIGGER War Bonds! You can afford them. In fact, you can't afford *not* to buy them. Your welfare is linked with the welfare of these United States. Help yourself by helping the war effort.

BUY BIGGER BONDS NOW!

Island Song

Chapter 15

The following day passed in an uproar of excitement. Because of the wedding of the princess, Honolulu was filled with strangers. The town was wide open. There was plenty to drink for everybody. A fleet of ten whaling ships had come into the harbor and their crews, after eight months at sea, threw themselves happily into the festivities. There were pitched battles up and down Nunana Street between the sailors and the natives. The police were powerless. Hadn't the king declared a holiday? Hadn't he ordered his subjects to eat, drink and enjoy themselves?

The hint of impending revolution was whispered in the town by the foreign element. The Committee of Thirteen was at the height of its power. The members felt that the resignation of Doctor Webb was a step toward victory. The next move would be the overthrow of the king.

The Reverend Hana, the king's chaplain, oblivious of the trend of political events, spent most of his time planning the details of the wedding ceremony.

In the center of the palace grounds he caused to be constructed a large, square tent of brightly colored tapa cloth. This was to be the nuptial bower. In this tent the princess would wait for her future husband. Before the actual ceremony there would be a grand torchlight procession of the chiefs, in which they would bring symbolic gifts and present them to the king as an act of fealty. The chiefs were to wear the great feather cloaks which had come down to them from their ancestors. The palace guard, wearing only malos and feather helmets, were to form a bodyguard for the king. Every person in the Hawaiian Islands who had the slightest claim to royal or high-chief blood had been commanded to be present.

The princess was to enter the tent at twilight. The procession was to be held at nightfall, and the actual wedding at midnight. David, wearing a scarlet feather cape of a young prince, would then retire with the girl into the tent before the eyes of all the assembled company and there remain until morning. From midnight until dawn a great feast, or luau, would be served to the assembly. There would be roast pig, plenty of poi, baked mullet, fresh taro, yams, limu, and salt taken from the sea. A troop of hula girls would perform for the guests. It was going to be a night of barbaric splendor.

As a concession to his religious beliefs—and to the missionaries—Hana intended to read the usual words of the marriage ceremony from the holy black book. But he didn't propose to let this spoil the ancient pageantry of the occasion.

The king, to Hana's delight, was in accord with all the old man's plans, especially that of having the chiefs bring him gifts. The king hoped that these gifts wouldn't

be too symbolic. And he felt that it would be very appropriate to have all the nobility of the kingdom kneeling at his feet at the same time. It would almost make up for the fact that he had not as yet acquired a navy, still his highest ambition.

The Princess Liloa was not consulted as to the wedding plans. She had spent the last few days in a dull, apathetic mood, hardly realizing what was going on about her. By special order of the king, a feather robe had been made for the princess to wear as a bridal gown. It was a golden yellow, with a narrow border of red, and was twenty feet in length by two and a half feet in width. She was to wear it as a skirt, with one end thrown loosely over her shoulder. When the women came to fit her with this remarkable dress, she permitted them to fuss about her without objection. Her thoughts were with Jason, imprisoned in the fort and not with all this preparation, this bustle and excitement about the palace.

When Laura Webb was announced the girl brightened and ordered the doctor's wife shown into her presence immediately. Her eyes glowed with an unspoken question as Laura was ushered into the room. What news of Jason? Was he still in prison? What had happened?

Laura shook her head and signified that she could not speak until the two sewing women had been sent away. Liloa immediately pretended to fly into a fit of vexation. She tossed the precious feather garment from her disdainfully. "Take it away," she ordered. "Go into the next room and do your work. I am tired of this fitting and fussing."

The two Hawaiian women hastily gathered the folds of brilliant feathered cloth and hurried away. They bowed respectfully as they went out, and closed the door carefully behind them.

Instantly Liloa flew into Laura's arms. "Tell me," she cried. "Jason? You bring word from him?" "Steady, child," Laura soothed her. "I have talked with Jason's brother. We must have patience."

"Patience!" Liloa cried imperiously. "You are like all the rest. I will go to the king myself. Surely he will listen to my plea."

"Keep away from the king," Laura's face was serious. "He has refused to pardon Jason. He feels that he has been insulted by Jason's breaking of the tabu. He will make an example of him as a warning to other foreigners in the port."

"You mean—death?" The girl stared unbelievably into Laura's eyes. "So that is it—that is why nobody would tell me of the king's sentence?"

"Don't give up hope, Liloa," Laura tried to take the girl into her arms again and comfort her.

HUGE CROWD TO SEE ARMY-NAVY TILT SATURDAY

By FRITZ HOWELL
Baltimore, Dec. 1 (AP)—This Maryland metropolis' hotels and restaurants bulged at the seams today as the vanguard of an expected crowd of 70,000 rolled in for football's most colorful clash—Saturday's Army-Navy game at Municipal stadium.

West Point's rampaging Cadets, winners of eight in a row and rolling along at a point-a-minute clip toward the national championship and their first unbeaten season, were favored at two to one, or by a 14-point margin.

But Navy, triumphant the last five years—and with Halfback Bob Jenkins set to go again after a foot infection—was cool, calm and confident it could make it six straight over the Cadets.

Tested talent will bedeck each roster as the 2 p. m. kickoff comes up. Of the players participating in last year's contest, 48 are still on hand. Each team has 24 veterans. Navy won a year ago, 13-0, after being on the short end of the odds.

Clear and near-freezing weather was forecast.

Hotels have reservations for at least 15 high-ranking generals and naval officers, including Gen. George Marshall, chief of staff, and Gen. H. H. Arnold, head of the Army Air Forces.

Army's squad of 38 players was scheduled for a workout at the newly-sodden stadium this afternoon, but Navy's group of 52 is not scheduled to arrive until just before game time.

Last-minute quotations from the coaches:

Col. Earl (Red) Blaik, Army: "Navy has beaten Army the past five years in a row. Last year and the year before that the Navy line turned the trick, but that won't be the margin Saturday. They will need more than a line to beat us."

Comdr. Oscar E. Hagberg, Navy: "The Navy team is set for its best game of the year. If the boys don't make too many mistakes, I think we have a good chance of winning. No doubt Army is potent, and they have enough to really pour it on us if they get going."

Marine-Navy Blind Vets Win Boat Race

Philadelphia, Dec. 1 (AP)—A Marine-Navy crew of blind and partially-blind war veterans defeated a crew of similarly handicapped soldiers yesterday in the first race of its kind on the Schuylkill river.

The Army crew, from Valley Forge General hospital, held a slight lead over most of the half-mile choppy course, but the Marine-Navy oarsmen, from the Philadelphia Naval hospital, surged ahead to win by half a length in a spectacular finish.

Only the coxswains and tillers of each crew were not blind.

Fights Last Night

Fall River, Mass.—Charley Smith, 136, Newark, New Jersey, knocked out Leo Methot, 133, Montreal (1).

Boston—Howard Thompson, 203, Saugus, Massachusetts, outpointed Al Patterson, 212½, Pittsburgh (10).

Belleville, N. J.—Joe Curcio, 159½, Newark, outpointed Buddy Bailey, 147, Mitchell Field (8); Johnny Juliano, 129½, Paterson, New Jersey, drew with Speedy Cooper, 129, New York.

Major-Minor Loop Agreement Holds

Durham, N. C., Dec. 1 (AP)—The major-minor league baseball agreement under which the minors recognize the jurisdiction of the commissioner is automatically extended one year by the death of Kene-saw Mountain Landis.

The National Association of Professional Baseball league office said the agreement would remain in effect 12 months past its termination date, or until January 1, 1946.

Sports Roundup

By HUGH FULLERTON, JR.
New York, Dec. 1 (AP)—George (Greensboro) Corcoran asks how about gathering a group of physically handicapped golfers, fellows who have lost arms or legs but who still can play a good game of golf, to tour convalescent hospitals giving exhibitions for wounded GI's . . . It's a swell suggestion—so good we wouldn't be surprised if it already had been done . . . Part of the U. S. G. A. war program is devoted to rehabilitation of the wounded and providing golf courses at hospitals . . . such men as Tommy McAuliffe, and Jimmy Nichols could give those boys a great lift by proving to them that a guy with one arm or leg can play better golf than a lot of folks equipped with the usual number.

SONG FOR PIGSKIN PICKERS

The mule is an animal with long funny ears

He's the mascot that draws the Army's cheers.

The mule he gallops from the Army T

And scores those touchdowns very easily,

So the Army will have to get the vote.

Or would you rather pick the goat?

The goat is an animal with a head like a rock,

Which shows how the Navy team can sock.

He scores lots of points from the single wing

And when he hits they hear the birdies sing.

So you'll have to choose the Navy school,

Or would you rather take the mule?

ONE-MINUTE SPORTS PAGE

Confidence note: Earl Blaik, Army's head coach, has been promoted to a full colonelcy and backfield coach Andy Gustafson now is a Lt. Col. . . . Ohio State's Les Horvath played 401½ out of a possible 540 minutes this season. And he turned down a Cleveland Rams offer to return to the Buckeyes next year . . . Hockey clubs are having so much trouble with broken sticks this year—they say it's unseasoned wood—that the Rovers had to lend seven to the Rangers so the big leaguers could make their current road trip . . . Ed Barrow denies that Charley Caldwell, new Princeton coach, was the wildest pitcher the Yankees ever had. "That same year, 1925, we also had 'Wild Walter' Beall, who had them all beat," says Barrow.

PICKS ARMY TO DOWN NAVY 11

By ORLO ROBERTSON
New York, Dec. 1 (AP)—Here's the final fling at trying to pick football winners and its done chiefly because we want to let you know how we stand on Army-Navy.

Surrounded by all the good luck charms we could collect:

Army-Navy—The Cadets are supposed to have the backs and the Middies the line but Army's forward wall is no weakling (somebody had to open the holes and clear the way for all those touchdowns this season). Even if Navy's Bob Jenkins is at his best we'll string along with Army and we'll not be surprised if it wins by two or three touchdowns.

Great Lakes-Notre Dame—The Irish have lost their quote for the year (Army and Navy). The sailors have bowed only to Ohio State. Notre Dame in a close call.

Georgia Tech-Georgia—Two defeats (Notre Dame and Duke) are all Tech is going to carry into the Orange Bowl. Georgia Tech.

Others:

Texas Christian over Southern Methodist; Tulane over Louisiana State; Oklahoma over Nebraska; Virginia over North Carolina; Rice over Southwestern; Arkansas over Arkansas Aggies; Tulsa over Miami (Friday); Bainbridge over Maxwell Field (Sunday); Ft. Pierce over Third Air Force (Sunday).

San Francisco Golf Play Opens

San Francisco, Dec. 1 (AP)—More than 150 professional and amateur golfers tee off under threatening skies today in the 72-hole San Francisco open for \$14,500 in war bonds.

Slimmin' Sam Snead, of Hot Springs, Virginia, long hitter, is the sentimental favorite to win the 1944 event but many golf experts string along with the defending champion, Byron Nelson. Bracketed with these two is Harold McSpaden, Philadelphia, runner-up in this meet last year.

Also rated high among the possible winners are U. S. open champion, Craig Wood, who is shooting better than he did at Portland.

Mike Turnesa, veteran from New York who was runner-up to Snead in the Portland open, and Willie Goggins, White Plains, New York, are among several who could slip into first money.

3 BUILDINGS BURN

GIVEN NINE TO 18 MONTHS FOR MANSLAUGHTER

Edgar Franklin Grady, Harrisonburg, Virginia, was sentenced to serve nine to 18 months in the county jail Saturday morning in the concluding session of the November term of court on a charge of involuntary manslaughter.

Grady was convicted earlier in the week by a jury in the death of Frank C. Vanderwall, Gettysburg R. 5, who died as a result of a truck and tractor accident about three miles east of Gettysburg on the Lincoln highway August 17.

Grady's sentence was the heaviest handed out Saturday morning.

Albert L. Thomas, East Berlin R. 2, was fined \$300, and assessed the cost of prosecution on a charge of selling malt beverages without a retail dispenser's license. Thomas was convicted by jury.

Dubbs Sent to Jail

Roy G. Miller, York Springs, who pleaded guilty to a similar charge was fined \$100. Aaron Albert Rodger, of Hampton, at whose home agents of the Pennsylvania Liquor Control board confiscated 12 cases of beer on September 28, was fined \$200. He had pleaded guilty to selling beer without a license.

William H. Dubbs, Jr., Gettysburg, received a 60-day sentence in the county jail on a charge of malicious mischief in connection with a fracas at the Panorama inn, south of Gettysburg, in September.

William M. Vaughn, Gettysburg R. D., was sentenced to serve a six months to one year term for the theft of a wrist watch from George Ginnell as the latter slept in his car near the Haines roadside stand earlier this month. Vaughn was honorably discharged from the Army in 1942 after serving for five years.

William Brixious, of Schuylkill county, who was doing farm work in the county during the summer, received a 60-day term in the county jail after pleading guilty to a charge of driving a vehicle without the owner's consent. Brixious was accused of driving a truck and wrecking it near Aspers.

John Detrick, Hampton, who pleaded nolle contendere to a charge of operating a motor vehicle after his operating privilege had been suspended was ordered to pay a \$100 fine and the costs in his case, but the court suspended the imposition of sentence on condition that Detrick refrain from drinking and driving for one year.

Paul E. Whisler, Gardners R. D., was given 30 days in the county jail and John P. Dick was given a 60-day sentence. Both pleaded guilty in court to charges of receiving stolen gasoline coupons from a minor.

John Becker, of Gettysburg, who pleaded guilty to selling firearms to minors under 16 years of age was placed on probation for one year and was fined \$50, to be paid within 30 days.

Paul Chronister, Jr., Hampton, was fined \$50 and costs after he entered a plea of nolle contendere to a charge of hit and run driving.

Gertrude Asper, Tyrone township, who had entered a plea of nolle contendere to a charge of removing goods under levy to prevent their sale to satisfy debts, was not in court to receive sentence. The court ordered her bail forfeited and directed the issuance of a process for her arrest.

Richard Mays, who completed a six-month sentence in the jail for assault and battery, was placed on parole for 90 days and ordered to pay the costs in his case within that period.

Other business at the court concerned the filing by Richard A. Brown, Esq., of a petition calling for a new trial in the case of John A. Luckenbaugh, Spring Grove R. 2, versus J. P. Haughwout and Charles Haughwout, proprietors of the Glen Lick Dairies company, Sunbury. A jury awarded Luckenbaugh \$10,000 damages in the trial conducted this week during civil court.

Receives Husband's Purple Heart Medal

Mrs. Ralph C. Starnier, Gardners R. 2, recently received the Purple Heart medal awarded to her husband, T. Sgt. Starnier, who was wounded September 14.

T. Sgt. Starnier has been overseas several months and is serving with General Patton's army in France. He is now believed to be in a hospital somewhere in France.

RECEIVES PROMOTION

Mr. and Mrs. W. D. Fohl, Biglerville, have received word their son, Walter D. Fohl, Jr., has been promoted to staff sergeant.

Decorated

Cpl. Harold E. Hess, 21, son of Mr. and Mrs. Ervin E. Hess, Gettysburg R. 3, has been awarded the Bronze Star medal for meritorious service in action in France. He went overseas in May, 1942, and served in North Africa and Sicily before going to France. He has notified his parents he is forwarding the Bronze Star medal, the Sicilian Campaign Ribbon and Good Conduct medal to them.

VET OF METZ, WOUNDED, WAS HOME ON LEAVE

Staff Sgt. Frank R. Miller, 23, a veteran of the battle for Germany, completed a five-day furlough on Sunday with his brother and sister-in-law, Mr. and Mrs. Daniel P. Miller, Gettysburg.

Sergeant Miller was wounded in the left foot with a machine gun bullet in a battle near Metz and was returned to this country about three weeks ago for hospitalization. He is receiving treatment at the Orle General hospital, Cleveland.

A member of an infantry unit, Sergeant Miller was serving in the Third Army under command of General George S. Patton. He had been overseas about six months.

The young sergeant entered service July 15, 1942. After his wounding near Metz, he was sent to an Army general hospital in England before being transferred to the States. He has been awarded the Purple Heart medal.

Speaking of his injury he said: "I didn't quite make the top of a hill we were attacking, but my men did. The medics were right along with us. The Jerries tried to zero an 88 on us after I was hit, but the litter bearers got me out of there."

Another brother, Senior Warrant Officer Howard M. Miller has been in the Air Force two years. Sergeant Miller saw him in England after a separation of three and a half years.

The parents of the Miller boys are Mr. and Mrs. Oliver Miller, of Biglerville R. 1. Before entering the Army, Sergeant Miller worked at Rice, Trew and Rice company, Biglerville.

PVT. EDWARDS IS WOUNDED

Pvt. George F. Edwards, 20-year-old son of Mr. and Mrs. P. W. Edwards, Gbg.-Hbg. road, has been wounded in action in the Pacific. His parents learned Friday when they received a Purple Heart medal that had been awarded to their son.

There was no previous War department message to tell of his injury and no letter or further information accompanied the medal.

Private Edwards' last letter to his parents was dated October 7, and in it he said he would not be able to write "for quite a while." At that time he was believed by his parents to be in New Guinea. They believe now he may have been wounded in action in the Philippines.

He serves in the infantry. Private Edwards is a graduate of Gettysburg high school in the class of 1941. He was employed at the Baldwin Locomotive works in Philadelphia before he entered service August 16, 1943. He received his basic training at Camp Croft, South Carolina, and was sent overseas on February 2, 1944.

A brother-in-law, First Lt. Frank Dixon, an infantry officer, also is serving in the Southwest Pacific. The men have never met.

SHOT THROUGH BRAIN, YOUTH IS CRITICAL

Clair Reinecker, 13-year-old son of Mr. and Mrs. Norman Reinecker, Aspers R. 1, remained unconscious and in a critical condition today at the Warner hospital as the result of a bullet wound through the brain. At the time of going to press he was slightly improved.

The Reinecker youth was shot through the head with a 22 caliber bullet Saturday afternoon about 3:30 o'clock near his home as the result of an accident, state police from the local substation reported this morning.

Pvt. Robert C. Deltrich said the small rifle was held by Lee Reinecker, 14-year-old brother of Clair, when the shot was fired. The two boys had gone into a field on the property of Glen Brough, Tyrone township, a neighbor of the Reineckers, to try to shoot an "old lame dog" which had been running about their property the police said.

Didn't Know Gun Was Loaded

Lee stated that when he and his brother went into the field the dog started running away and Clair chased the animal. He went to the end of the field, carrying the gun, but was unable to get close to the dog.

Clair came back to where the older boy was standing, Lee said, and the two started for home. Lee then took the gun and carried it over his left arm and Clair dropped behind about a yard. Lee said it was then that the gun went off. He stated that he did not know his brother had placed a cartridge in the rifle.

The bullet penetrated Clair's forehead a little to the right of the bridge of the nose and came out of the left side of the head at the rear. He fell unconscious to the ground, Lee related, and although he tried to lift him was unable to do so.

Lee ran into the house to call his mother, Mrs. Grace Reinecker, who summoned Dr. P. J. McGlynn, of Biglerville, who came to the Reinecker home and rendered first aid treatment. Doctor McGlynn called the county ambulance and the wounded lad was removed to the Warner hospital where he was admitted about 5:15 o'clock and has remained unconscious.

Doctor Bruce N. Wolff, surgeon at the Warner hospital, said today it was "practically a miracle" that the Reinecker youth has not yet succumbed to the wound. Such a case, in which a bullet completely penetrated the brain, "is very unusual," Doctor Wolff said. "His condition is extremely critical," the surgeon reported.

EMMITSBURG BOY IS CRITICAL

Joseph Peterson, son of Mrs. Rose Peterson, Emmitsburg, was the second 13-year-old boy to be shot Saturday afternoon in accidents with 22 caliber rifles.

Young Peterson was shot through the abdomen, the bullet penetrating the liver and emerging from his back, as he and a young companion hunted rabbits about a half mile north of Emmitsburg on the Long farm.

The two boys were going through a field, Dr. Bruce N. Wolff, surgeon at the Warner hospital, reported this afternoon, with Peterson in the rear. His companion, a lad named Pitz, said he thought he heard a rabbit run out behind him and swung around. As he did so, the rifle went off and the bullet entered young Peterson's abdomen, it is reported.

The shooting occurred about 3:30 o'clock, the same time as the Reinecker youth was injured near Aspers in a similar accident, and Peterson was rushed to the Warner hospital, being admitted about 4:15 o'clock.

Doctor Wolff said today his condition is critical and the outcome would not be known for "possibly three weeks." Young Peterson is a son of the late William Peterson, of Emmitsburg.

Thank Red Cross For Overseas Kits

Mrs. Effa Chapman, executive assistant at the local office of the American Red Cross announced last Friday receipt of a letter of acknowledgement for 126 kit bags sent to a port of embarkation by the local chapter.

The letter, written by a Red Cross field director, thanked the local chapter for the kit bags, which are distributed to sailors as they leave for overseas duty. The bags are made by production workers from the chapter.

Lt. Col. Harry Knox Receives Discharge

Lt. Col. Harry Knox, son of Mr. and Mrs. John H. Knox, Gettysburg R. 3, veteran of nearly four years of service with the coast artillery including service in England and Italy, has received a discharge. He is over 38 years of age. He is spending some time at the home of his parents.

He has two brothers in the service. They are Capt. John J. Knox, former Gettysburg physician now believed to be in France, and Lt. (j.g.) Fred Knox, who is in Africa.

WOUNDS FATAL TO LOCAL MAN ON WAR FRONT

Private Harry J. Jeffcoat, 29, died of wounds, November 11, received in action on the western front in Europe. His wife, Mrs. Blanche K. Jeffcoat, Iron Springs R. 1, was advised by War department telegram at 8:30 o'clock Tuesday night.

On Monday Mrs. Jeffcoat received a War department telegram advising her that her husband had been "slightly wounded" in action November 8. Tuesday evening the second telegram advised her that her husband had died of his wounds.

On November 24 Mrs. Jeffcoat received a letter from her husband written October 29 and 30 advising her that he was at a rest camp somewhere in France and that he was "feeling fine." This was the last letter she received from him.

Young Jeffcoat, a son of Mr. and Mrs. Clarence Jeffcoat, residing in Gettysburg, entered service May, 1943. He received his basic training at Camp Shelby, Miss., and at Fort George G. Meade, near Baltimore. He went to England last June and saw action for the first time in October. Prior to entering service he was employed at the Letterkenny Ordnance depot, near Chambersburg.

The soldier was married June 1, 1940.

Besides his widow and parents he is survived by one brother, Ivan Jeffcoat, and a sister, Mrs. Donald Miller, Gettysburg, and a second sister, Mrs. John Miller, Gettysburg.

Pfc. Ira D. Sease Is Reported Safe

Mr. and Mrs. John J. Sease, Fairfield Station, received a letter from the War Department Tuesday morning telling them their son, Pfc. Ira Doyle Sease, returned to his company safely on November 12.

The War department had previously notified Mr. and Mrs. Sease their son had been missing in action since October 28.

Pfc. Sease has been serving with an infantry outfit in the Fifth Army in Italy. He entered the service in February, 1942, and has been overseas for about a year.

Bequest Given Church In Will

A \$50 bequest for the benefit of the altars at the Sacred Heart Catholic church, Conewago township, was included in the will of the late Louise M. Slusser, of Mount Pleasant township, filed Tuesday morning for probate at office of the register and recorder at the court house.

Two sons, George and Marterimas Slusser, also of Mt. Pleasant township, were named the executors and chief beneficiaries of the estate.

Private Musselman has been overseas 13 months. He had been fighting in Europe since D-Day.

PFC. MUSSELMAN

June 6, and was in combat with an infantry unit of General Hodges' First Army.

The county soldier has been in the Army since April 20, 1941, and while in this country trained at Indiantown Gap; Camp Croft, South Carolina; Camp Livingston, Louisiana; Camp Pickett, Virginia; and Camp Johnston, Florida.

Writes From Germany

His twenty-sixth birthday was on November 22. Private Musselman's parents received their last letter from him Saturday. It was dated October 23 and written from "Somewhere in Germany." The missing soldier attended school at Fairfield and was employed in farm work by B. E. Benner, near Fairfield, before entering the service.

A brother, Cpl. Clyde Musselman, 21, now is fighting in Italy. A veteran of the North African, and Sicilian campaigns, he has been in Italy for 22 months. The Musselmans received a letter from Clyde this morning.

Countian Refuels Big Forts Overseas

Sgt. Rodney A. Poist, son of Mr. and Mrs. Edward F. Poist, McSherrystown, serving with an Eighth Air Force Composite command station, somewhere in England, is in charge of a twin-trailer refueling unit for B-17 Flying Fortresses.

As a refueling unit operator Sgt. Poist is assigned the task of seeing that the big bombers are refueled promptly after landing and ready to take off at a moment's notice.

Sgt. Poist is finding his civilian experience a great help in performing his Air Force duties. Before entering the Army in December, 1942, he was a Pittsburgh operator for the Pennsylvania Greyhound Bus Lines, driving most of the time between Pittsburgh and Gettysburg. In eight years of this work he had a record of no accidents, and, likewise, has maintained a "clean slate" with the Air Forces.

Captain Sloat On German Soil

Capt. Charles A. Sloat, former member of the Gettysburg college faculty and now serving with the U. S. Chemical Warfare Service "Somewhere in Germany," writes the following interesting letter:

"At the present time I am commanding officer of a detachment consisting of six enlisted men, three American officers and two attached Polish liaison officers. We are supervising the government of a gemeente which includes about ten towns.

"I have been getting The Gettysburg Times ever since I came to Europe. Delivery has been very uneven. I've just finished looking at some issues dating back to May and June. Part of the spotiness in delivery is no doubt due to the fact that I haven't written to you immediately to tell you of each change of address as it happened.

NAVAL OFFICER IS MISSING IN PACIFIC AREA

Lt. Comm. John E. "Tucker" Myers, of New Oxford, is reported "missing" somewhere in the Pacific, in a Navy department telegram to his mother, Mrs. Lucy Myers, New Oxford. The telegram contained no details and gave no date of the reported casualty. He is the ninth Navy casualty from this county in World War II.

Lt. Comm. Myers is a native of New Oxford and a graduate of Gettysburg high school in the class of 1925. He played football and baseball on Maroon teams during his high school days.

For ten years prior to the attack on Pearl Harbor Lt. Comm. Myers served in the Merchant Marine and

LT. COMM. MYERS

left that service to join the Navy in 1942. He was first commissioned a Lieut. (j.g.) and rose in rank to his present rating.

Some time ago he was given command of an ammunition ship and his last sailing is reported from an Atlantic coast port bound for an undisclosed destination. Later he was reported in action in the Pacific theatre of operations.

Three years ago he married Miss Florence Auer, of Park Rapids, Minnesota, where she is at present residing.

The naval officer is well known in Gettysburg and is a member of the local Lodge of Elks.

The missing naval officer has two brothers, James, New Oxford, and Robert, Hanover; two sisters, Lt. Ivy Myers, an Army nurse in Texas, and Mrs. J. C. Schriver, New Oxford; one step-brother who resided in Wilmington, Delaware, and his father, C. Tilden, York.

Service Discharges Are Placed On File

Two honorable discharges were on file today at the office of the register and recorder at the court house.

One was for Pinkney Bryan Hess, Gettysburg, who was discharged November 13 as a seaman, second class, from the United States Reserve. Hess was inducted into the Navy April 24 of this year. He was serving at the naval air technical training center at Memphis, Tennessee, when discharged.

A discharge for Burnell Buohl, Gettysburg taproom prop, who was released from the service September 25, 1943, also was filed. Buohl was serving as a private with an ordnance training regiment at the ordnance replacement training center at the Aberdeen Proving grounds, Maryland.

ARRIVES IN ENGLAND

Pvt. Clarence M. Swinn, Jr., son of Mr. and Mrs. Clarence M. Swinn, Gettysburg, has arrived safely in England.

Adams Countians Set Bond-Buying Record; \$1,443,654 In Sales

Adams countians went on a "War Bond Buying" spree Wednesday and zoomed their total purchases in the Sixth War Bond drive to \$1,443,654.25.

In a record-breaking spurt men, women and children in Adams county purchased almost one million dollars worth of bonds in one day, Wednesday, setting what is believed to be a state record for counties the size of Adams.

Total sales Wednesday were reported at \$945,319.59.

"This is the finest demonstration of patriotism and all-out war effort I have ever heard of," Edmund W. Thomas, county chairman, said this morning.

"This most generous outpouring of money to help this country buy war materials to end this conflict the sooner, is the most encouraging exhibition we have experienced in the six bond drives," Mr. Thomas continued. "I cannot find words to properly express my personal thanks and appreciation to the people who have made this possible. The more than 300 volunteer workers and the thousands of our good citizens deserve all the credit in the world. With such support I feel that we have an excellent chance of reaching our quota by December 7, the third anniversary of the attack on Pearl Harbor."

Less than one million dollars worth of bonds remain to be sold to reach the county quota of \$2,290,000.

The unsold balance is \$846,345.75.

CORPORAL NUSS IS WOUNDED IN REICH, NOV. 13

Cpl. W. Clarence F. Nuss, 22, son of Mrs. Hettie E. Nuss, Gettysburg, was slightly wounded in action in Germany, November 13, a War department telegram stated Tuesday.

Corporal Nuss, who has been in the Army since June, 1943, has been overseas only about three months. He first went to England and then went with his group to France. From there he crossed over into Belgium with the invading forces, finally going into Germany where he was wounded.

He is a member of a field artillery unit. The young soldier trained at Fort Bragg, North Carolina; Fort Leonard Wood, Missouri, and at a New York camp before going overseas.

Corporal Nuss attended Gettysburg high school and before being inducted into the Army was the local representative for Steele's laundry, Hanover.

Two brothers and a brother-in-law of the wounded soldier also are in the service. Staff Sgt. George E. Nuss now is serving in Brazil. He is working with a post exchange unit. Cpl. John W. Nuss is stationed at the Aberdeen Proving Grounds, Aberdeen, Maryland, while Master Sgt. Edward Nichols, the brother-in-law, is stationed in England.

The Nuss family received their last letter from Clarence Monday. It was written November 12 and postmarked November 13, the date he was wounded.

HOME DAMAGED IN \$500 BLAZE

Damage estimated at nearly \$500 was caused by fire Friday morning when a kerosene stove exploded in the kitchen of the home of Mr. and Mrs. Charles Harner, Gettysburg R. 1, a half mile west of Barlow.

Barlow firemen had the flames under control when members of the Gettysburg company, summoned about 8:45 o'clock, arrived.

The blast, which burst the fuel tank of the stove, flung flames over the kitchen, searing the walls, burning curtains and woodwork and causing some damage in an adjoining room. Heavy smoke added to the damage and hampered firemen while a number of windows were broken by the intense heat.

Esther Harner, daughter of Mr. and Mrs. Harner and a member of the sophomore class at Gettysburg high school, was home alone at the time but happened to be out of the house at the woodpile when she heard the explosion and then found the kitchen in flames.

She summoned her father who was working in a cornfield some distance from the building while neighbors called the firemen. The Harner telephone was put out of service by the blaze.

A serious charge was made as grounds for the divorce. The couple was married April 2, 1937, and separated July 16, 1942, the papers state. Dwight C. Johnson, of Gettysburg, was named correspondent in the case.

The second libel was that of Lottie Elizabeth Snyder, of Gettysburg, versus Maurice Charles Snyder, of Harrisburg, with desertion and cruel and barbarous treatment given as grounds. The Snyders were married July 5, 1923, and separated August 14, 1942.

Cpl. R. B. Singley
Gets Silver Star

With the Fifth Army, Italy—Corporal Raymond B. Singley of Gettysburg, Pennsylvania, recently was awarded the Silver Star for gallantry in action with Lieutenant General Mark W. Clark's Fifth Army in northern Italy.

Singley, a field artilleryman in II Corps, was cited for his conduct in the vicinity of Venafro where he remained under intense German shellfire to relay fire commands to his battery.

American infantry elements were assaulting Venafro, a strongly fortified town, when Nazi fire disrupted Singley's battery communications. He voluntarily went to an exposed position under a barrage so intense he was forced to the ground three times in a few minutes. Refusing to leave his post, Singley relayed fire commands until the German battery was silenced and the infantry troops entered the town.

His parents, Mr. and Mrs. Emory A. Singley, live at 140 Steinwehr avenue.

OFFER PRIZES
AND CITATIONS
FOR STUDENTS

Dr. Robert A. Bream, assistant county superintendent of schools and chairman of the education committee, issued an appeal Tuesday to all schools to organize for the sale of War Bonds and Stamps during the Sixth War Loan drive, now in progress.

Doctor Bream announced the various prizes which elementary and high school pupils may win during the campaign; equipment and plane campaign sales rules and the committee members who head the drives in the various county communities.

Members of the education committee include the following: Prof. L. V. Stock, the Rev. Father Leo Krichen, Prof. E. M. Gruver, Dr. A. M. Hamm, Prof. C. A. McCauslin, Prof. John M. Wisler, Prof. Paul E. King, the Rev. Father John Weber, Prof. C. P. Keefer, the Rev. Father Robert Hartnett, the Rev. Father John O'Donnell, the Rev. Father Cyril Alwein, the Rev. Father Mark E. Stock, Prof. L. C. Keefeauver, Miss Louise Ramer, Prof. Clair Van-Dyke, Prof. Lloyd Hartman, Prof. Paul Mehning, Prof. Dale H. Roth and Miss Marion J. Biggs.

School Prizes
Individual pupils in the elementary schools, Doctor Bream said, will be recognized and honored as follows:

1. All who buy or sell any type of bond will be enrolled in the Junior Brigade and their names will be published as they are received by the education chairman.
2. Three prizes will be given in Adams county for the largest sale of stamps and bonds. The first prize will be \$10 in War Stamps; second and third prizes will be \$5 each.
3. A United States Treasury citation will be awarded to any person who sells 10 bonds to 10 different people.

Honors for individual high school pupils will include the following:

1. A service bar and star will be awarded to high school pupils who sell six bonds of any denomination to six people.
2. Additional stars may be earned by those who already have the service bar, by selling 10 bonds to 10 individuals. Each set of 10 will entitle the student to an additional star.
3. A \$25 bond will be awarded to the high school pupil who sells the greatest number of bonds to the most number of people. The total value of the bonds sold will count only in case of a tie.
4. High school pupils will be eligible for the general prize of one war bond for the person in the county who sells the most bonds to the most people.

Application blanks and bonds may be obtained from banks, post-offices, rural mail carriers or subsidizing agencies. Rural teachers must place their orders in advance and must have the cash and information about the subscriber at hand when the rural carriers deliver the stamps, stamp albums, and bonds for their schools.

Under the equipment and plane campaign, the schools have been asked to decide upon the goal, or the amount which is believed can be raised through bond and stamp sales at the school. The campaign should be registered with the county War Finance Committee and should designate definite opening and closing dates.

Fix Closing Date
Goals must be reached during the announced campaign period and only sales to individuals may be counted. Goals may be increased during the campaign only, and unless the county chairman is notified of the change in the objective before the close of the campaign, only the equipment selected can be mentioned on the citation to the schools.

In group I, the schools successfully completing a campaign will be awarded a special equipment citation. It was pointed out that double credit may not be taken when stamp books are converted into bonds.

Those schools successfully completing a campaign for equipment in Group II will receive a decalcomania and a duplicate decalcomania will be sent to Washington to be placed on the equipment sponsored.

Appeal Taken From
Opinion By Sheely

An appeal has been filed by David R. Perry, special deputy attorney, for the Department of Labor and Industry with the Pennsylvania Supreme Court from the decision of Judge Sheely of Adams County court, in the case of the New Enterprise Rural Electric Cooperative, Inc. The court held that the electric cooperative is not liable for the payment of unemployment compensation contributions based upon the wages paid to individuals who performed services for it.

The state sought to collect \$1,673.49 for the fund together with \$351.44 interest for three quarters in 1939 and for the years of 1940, 1941 and 1942. The court then directed that the assessment for those years be stricken off and that the cost of the proceeding be paid by the Department of Labor and Industry. Judge Sheely handed the opinion down in Dauphin county court.

Donald Shears Is
Granted Commission

Donald Shears, son of Mr. and Mrs. Earl Shears, Gettysburg, received his wings as a pilot and commission as a second lieutenant in the U. S. Army Air force at graduation exercises of Class 44-1, Frederick Army Air Field, Frederick, Oklahoma, on November 20.

Lt. Shears attended Gettysburg high school and graduated from the Coyne Electrical school, Chicago. Before enlisting in July, 1943, he was employed as an electrician at the Basic Magnesium plant, Las Vegas, Nevada.

Lt. Shears is spending a 15-day leave with his parents and his wife, Mrs. Myrtle Shears, Hanover.

SOLDIER VOTES
INCREASE GOP
MARGINS HERE

With the completion of the counting Thursday of 888 ballots cast by Adams county men and women in service, Republican candidates, with a single exception, found their civilian-vote leads bolstered by the GI results.

The exception was in the contest for the two seats on the superior court where F. Clair Ross, a Democrat, was second high man. Former Governor Arthur H. James led the field; Ross was second, and J. Frank Graff, the second Republican candidate, trailed Ross by a single vote. On the combined service and civilian vote, however, the two Republicans led by more than 2,500 votes.

A total of 915 service ballots were returned here out of the 2,529 mailed to men and women in the service. Twenty-six of the votes had to be rejected because the jurat or affidavit was not executed and one ballot was "spoiled"—a serviceman voted three straight tickets on the one ballot. Not one of the servicemen's votes was challenged here.

F.D.R. Topped By 2,906
Thomas E. Dewey topped Roosevelt by 62 votes in the soldier voting which gave Dewey a final lead of 2,906 over Roosevelt in Adams county.

Assemblyman Francis Worley, who had the biggest civilian vote margin in the voting November 7, had his final lead over his Democratic opponent, George E. Little, boosted to 3,083.

The count of the service vote was begun Wednesday and was resumed Thursday morning although in many counties in the state election officials observed a holiday. By 4:30 p. m. Thursday the count was complete and the soldier and civilian votes had been totaled, ready for certification to Harrisburg this morning. Early this week it had been estimated the count here might require three days.

Final Official Figures
The last of the service votes that were counted were received Wednesday. This morning two arrived for November 22 was set as the deadline for the reception of the soldier votes. One had been voted a week after election day and could not have qualified no matter when it was received here but the jurat on the second showed it had been executed before election day and could have been counted had it arrived by Wednesday.

In the following list the soldier vote received by each candidate is listed in the first column and the official total soldier-civilian figure is given in the last column:

One soldier voter wrote in the names of Wendell Wilkie and John W. Bricker as his choices for President and Vice-President, respectively. At the court house it was suggested that the GI may never have learned of Wilkie's death or that the vote had been cast before the Republican leader's death.

Those willing to serve, all expenses are paid, are asked to get in touch with Mrs. Scharf at once. Her telephone number is 200.

IMPORTANCE OF MENTAL HEALTH CARE STRESSED

"Mental health is rapidly becoming a more urgent problem than physical health," Dr. Arthur H. Estabrook, secretary of the mental hygiene and public health committee of the Public Charities Association of Pennsylvania, declared in an address Monday evening before the Adams county Welfare committee in the College Lutheran Sunday school rooms.

He said new hospitals for mental cases will have to be built in Pennsylvania and pointed out that "out of this war will come thousands of mental cases that will require years of treatment." Mental cases by the thousands from the First World war are still with us, he reminded the group.

METHODISTS TO HOLD CRUSADE RALLY FRIDAY

Methodists of Adams county are being called by their pastors to take part in raising \$25,000,000 for world relief and reconstruction, the first phase of the denomination's nation-wide Crusade for Christ program of postwar service.

Members of the Crusade for Christ councils of the churches of this sub-district, including congregations at Gettysburg, Littlestown, York Springs, Hunterstown, New Oxford, Bendersville, Wenksville, Orrtanna and Hanover will attend a rally in the local Methodist church this evening at 7:45 o'clock.

The quota for the Gettysburg church is \$938 and that for Littlestown, \$596. The York Springs-Hunterstown-New Oxford charge is to raise \$996 and the Bendersville-Wenksville-Orrtanna charge \$988.

The county appeal for \$3,518 will begin December 26, it has been announced. The Methodist congregations here are part of nearly 8,000,000 members of 41,000 churches in the United States who are participating in the four-year, five-fold Crusade.

Expenditure of the Crusade fund by the regular, general agencies of the church will provide for "feeding the hungry, clothing the destitute, and freeing the minds and spirits of the ignorant, the underprivileged, the driven and the distressed," a spokesman said. Three-fifths of the funds has been allocated for the "rebuilding and rehabilitation of human life" in other mission fields. The balance foreign countries, nine-tenths in war-devastated areas and the rest will be used for emergency, war-caused needs in this country.

The Church's Part
Other phases of the Crusade for Christ program call for continued education in and expression of opinion for "co-operation among nations in the post-war world," renewed evangelism efforts with special emphasis in 1946, education for Christian stewardship of ability, time and money, and improvement of Sunday School enrollment and attendance.

"The Crusade for Christ is Methodism's organized response for assuming its part in meeting the unsettled conditions and vast staggering needs created by the second World War," it was stated. "Having proved its will to live in the face of all enemies, the church is now ready to give practical and spiritual food to the hungry both of its own household and others throughout the world without distinction of race, creed or color."

The Methodist pastors in the county are: The Rev. Charles K. Gibson, Gettysburg; George W. Harrison, Bendersville; Earl N. Rowe, York Springs; and Wallace J. Cummings, Littlestown.

SALE OF BONDS NEAR \$400,000 IN 6TH DRIVE

War bond sales over the week-end did not meet the expectations of headquarters' officials and tabulation this morning, from approximately one-half of the districts, showed sales of \$35,194.25, boosting the grand total to \$385,573.75.

It was the smallest daily return thus far in the campaign.

If the county hopes to achieve its own objective of reaching its quota of \$2,290,000 by December 7, the third anniversary of Pearl Harbor, \$190,000 worth of bonds will have to be sold every day for the next ten days.

"We are anticipating several large purchases in the county," one observer said, "but we do not know when they will be completed. If they are completed before December 7 we will reach our county quota by that anniversary date."

Hope For Spurt
"Adams county is running about even with other counties in the state, according to reports we receive from state headquarters. We may, however, show a definite spurt this week which will put us in the front ranks."

The Women's Division boosted their total sales of war bonds by \$5,275 over the week-end with the Gettysburg district pacing the county with \$4,325 in sales.

Littlestown, which has reported daily since the start of the campaign added another \$475 in sales over the week-end while the Littlestown grade schools added another \$150 to their total. Littlestown high school reported \$325 in sales.

Littlestown is the only district in the county which has made regular daily reports.

SEEK TO BOOST COLLECTION OF TIN CANS HERE

The last of the thousands of tin cans hauled through Gettysburg late in the summer from the Knoose corporation plant at Peach Glen to Paul Plank's dump have finally been smashed and shipped and S. W. Vance, assistant to Colley S. Baker, state salvage chairman, told The Gettysburg Times that future can processing will be done at the Knoose plant by war prisoners from the Gettysburg camp.

Mr. Vance said that processing of the over-aged government-owned sliced apples from gallon cans into apple butter for government use may be resumed at the Knoose plant early next month.

As more cans are emptied there, a tractor will crush them on a specially-constructed platform near the plant. From there the cans will be loaded onto railroad cars on the Knoose siding for shipment to a detinning plant. Thousands of the cans remain to be opened and processed.

"Greatest Home-Front Service"

Mr. Plank, who hauled several hundred thousand of the cans to his dump along the Littlestown road while the army, the WPB and the state salvage organization agreed and disagreed successively on disposition of the cans, will continue to truck to York the paper cartons in which the cans of apples are now stored.

Mr. Vance came to this county with Dr. Eugene Elgin, county salvage chairman, to promote the collection of tin cans by the public and particularly through the schools. He conferred with county school officials and arranged for visits and talks in a number of county schools in an effort to stimulate the collection of cans.

"The collection of critical salvage materials is the most important home front effort that can aid the war," Vance declared. "Tin is needed in great quantities and paper also is required in vast amounts if the winning of the war is not to be delayed," he declared.

DESCRIBES WORK AMONG BLIND IN ADAMS COUNTY

Modern means of training blind children that enable them to live "as normal lives as anyone in this room except for the fact that they lack vision," were described to Gettysburg high school students at the weekly assembly on Wednesday by Miss Elsa Eberhardt, home instructor for the blind in Adams and nearby counties.

She said that blind pupils at the Overbrook school for the blind near Philadelphia and in a similar school in western Pennsylvania can play ball and take part in other athletic events so effectively that they capture tournament cups.

The blind pupils are taught braille and by the fourth grade are able to do their school examinations on the typewriter. They often are able to enter public schools by the ninth grade, she said.

Demonstrates "Talking Book"

Telling of her work among the approximately 200 blind in this county during the last year, Miss Eberhardt related how she had taught a blind farmer how to manage his poultry and dairy farm without his sight. Another man, a father of three children, was taught means of making a living although he had lost his vision.

The speaker demonstrated the use of a talking book machine and said 78 talking books have been placed in this county. She said the Bible, fiction and all other types of books are available not only to blind persons but to those who require "sight saving or blindness prevention" care.

Answering a number of questions from the student body, Miss Eberhardt whose own vision is greatly impaired, told of helping teach deaf and mute blind persons, described the making of braille books and demonstrated writing in braille. She said braille can be read as rapidly by the blind as type by a normal person.

Miss Eberhardt will be the speaker at the weekly dinner meeting of the Gettysburg Lions club next Monday evening at Mrs. Smith's restaurant.
